

HEATSTRIP™

THH HEATSTRIP SPECIFICATION DATA

- Type:** High Intensity, Ceiling Mounted, Radiant Outdoor Heaters
- Approvals:** Australian Standards 2250-2-30 (full test)
RoHS Compliant, CE Approved
- Electrical Approval No:** Q97268 (Australia)
- IPX Rating:** IPX-5
These models have been given an International Protection (IPX) Rating as defined by Australian Standards AS 1939-1991 'Classification of degrees of Protection against Liquids' provided by enclosures for electrical equipment. IPX-5 rating states these models are protected against jets of water from all directions.
- Manufacture Location:** Melbourne Australia
- Element Type:** Stainless Steel with high efficiency, extended surface area, extruded aluminium heat exchange system.
- Design Voltage:** 240V 50Hz a.c. Australia
230V 50Hz a.c. Europe / NZ
120V 60Hz a.c. USA / Canada (THH 1500SS)
240V 60Hz a.c. USA / Canada (THH 3200SS)
- Electrical Circuit:** Refer to Electrical Wattage.
- Casing Finish:** 1. High temperature baked enamel paint.
2. Stainless Steel
- Connection Cord:** Coreflex
- Mounting System:** Stainless Steel ceiling / angle mounting brackets are supplied as standard. Note: Screws fixing bracket to ceiling / wall structure are not included. Umbrella mounting brackets are also available.
- Minimum Mounting Height:** 2.1 metres above floor level
(Refer installation instructions for recommended mounting height)

MODEL	WATTS	AMPS	DIMENSIONS (mm)	WEIGHT	COUNTRY
Standard Models – Silver powder coated casing					
THH 1200(EU)	1200	5.0(5.2)	680 x 172 x 45	4.5kg	Australia / (Europe)
THH 1500(EU)	1500	6.3(6.5)	850 x 172 x 45	5.0kg	Australia / (Europe)
THH 1800(EU)	1800	7.5(7.8)	1010 x 172 x 45	7.0kg	Australia / (Europe)
THH 2400(EU)	2400	10.0(10.4)	1330 x 172 x 45	9.0kg	Australia / (Europe)
THH 3200(EU)	3200	13.3(13.9)	1770 x 172 x 45	12.2kg	Australia / (Europe)
SS Models – Stainless Steel casing					
THH 1200SS(EU)	1200	5.0(5.2)	750 x 165 x 45	5.0kg	Australia / (Europe)
THH 1500SS(EU)	1500	6.3(6.5)	850 x 172 x 45	5.5kg	Australia / (Europe)
